Mindful Update

We are committed to creating healthy environments for our guests. Central to this effort is providing healthy, nutritious foods. We've listened to our customers. We've researched marketplace trends. Our executive chef and dining team work together to create an exciting collection of recipes. The result is Mindful - an approach that focuses on fresh ingredients, delicious food and satisfying portions so that making Mindful choices becomes second nature.

Sweets and treats are never forgotten. Freshly baked cookies, brownies or parfaits are just a few of the many goodies we bake in house. Here, you can have your cake and eat it too!

Food Allergies

Pacer Dining wants all students to have a safe and inclusive dining experience. If you have food allergies, or special dietary restrictions, please reach out to our General Manager to schedule an appointment before the first day of classes. Our station signage includes warnings for the top nine food allergens if they are present in the food served. In addition to this, both back and front of the house staff have received training regarding proper food handling practices to keep students safe.
